Career Objective An internship in an IT support position

Education **BBA, Information Systems** 2010
University of Texas at San Antonio.

At UTSA I gained a much greater understanding of a variety of different programming languages and operating systems as well as basic database administration and security technologies.

Relevant Experience

Salesperson/Lab Technician 2004 to Present
Wolf Camera, San Antonio, TX

As a salesperson I routinely met or exceeded monthly volume goals.

As a Lab Technician I used and maintained a variety of high-end printers from Fuji, Epson, and Xerox as well as their associated Windows 2000 and XP systems. I also assisted customers who needed help with ordering systems.

Lab Technician 2004 to 2004
Eckerd Drugstores, San Antonio, TX

I was responsible for the operation and basic troubleshooting of a Noritsu Printer and associated PC systems. I also acted as a cashier when necessary.
