Objective

- To obtain an entry-level position as a system administrator.

Skills

- Experienced with a large variety of MS software - MS Windows desktop and server, Visual Basic .NET, and Office.
- I have run my own LAMP web server for over 2 years.

Education

University of Texas San Antonio, San Antonio, TX, BBA in Information Systems, May, 2010

Experience

Wolf Camera, San Antonio, TX , Salesperson/Lab Technician, September 2004 - Present

- Sales directly to customers
- Maintenance and Troubleshooting of Fuji and Noritsu printers and associated Windows 2000 and XP systems.
- Assisting customers with the use of ordering systems

Eckerd Drugstore, 4100 De Zavala Rd San Antonio, TX 78249, Lab Technician, April 2004 - September 2004

- Operation and Basic Troubleshooting of Noritsu Printer
- Cashier

Certifications

- NSA 2011 and 2012 Computer Security Certifications
- Completed 1 year of a 2 year CCNA program while attending Clark HS

Special Projects

- I have built several embedded systems as personal projects - an LCD picture frame for my parents and a MAME arcade cabinet for fun. This led me to create an embedded music player for the San Antonio Museum of Art
